XIC - C09B-067/00 ; C09C-003/08

AB - J51088523 A granular pigment composition with good dispersibility is  
 obtd. economically using (A) pigment of phthalocyanine, anthraquinone,  
 quinocridone, indigo, quinophthalone, cadmium, barium carbonate etc.  
 (B) anionic surfactant such as polyoxyethylene, alkyl ether phosphoric  
 acid ester salt, alkyl phosphoric acid ester salt, dinaphthalene  
 methane sulphonic acid salt, etc. (C) cationic surfactant such as  
 polyoxyethylene alkyl amine, N-alkyl trimethylene diamine, etc. (B)  
 and (C) are mixed alternatively with an aq. paste or aq. slurry of  
 (A), the mixt. stirred or kneaded and granulated.

IW - GRANULE PIGMENT COMPOSITION DISPERSE CONTAIN PHTHALOCYANINE ANION  
 CATION SURFACTANT

IKW - GRANULE PIGMENT COMPOSITION DISPERSE CONTAIN PHTHALOCYANINE ANION  
 CATION SURFACTANT

NC - 001

OPD - 1975-02-03

ORD - 1976-08-03

PAW - (SAKA-I) SAKAKIBARA M

TI - Granular pigment compsn of good dispersibility - contg phthalocyanine,  
 anionic and cationic surfactants
